Social Skills Programs For Children Aged 6-11

Group 1: Ages 6 & 7

Group 2: Ages 8 & 9

Group 3: Ages 10 & 11

- Our program uses Behavioral/Developmental Aide Support Funding.
- Group 1 and Group 2 are 12-weeks in length and Group 3 is 14-weeks.
- Parents are expected to participate in the last 25 minutes of the class each week.
- An ISP is created for each child in collaboration with parents.
- The class is best suited for children who have normal to near normal language and cognition. Students with the following diagnosis have successfully completed our program: High Functioning Autism, PDD-NOS, Asperger's Syndrome, Nonverbal Learning Disability, Developmental Coordination Disorder and Attention-Deficit/Hyperactivity Disorder.
